RATIONAL AND UNDERSTATED
RETURN TO THE TRUE BEAUTY OF SPACE
理性而低调，回归空间的本质之美

UNIQUE executive 班台融入了极简的线性设计理念，是一款理性而低调的行政办公桌。它将现代办公家具的简约与精致完美展现，虽简约却不失非凡气度。侧柜的直线条设计进一步强化了整体的现代感，使主桌显得更加开阔和利落。

The UNIQUE executive desk embodies a minimalist linear design concept, making it a rational and understated executive desk. It perfectly showcases the simplicity and refinement of modern office furniture, combining minimalism with extraordinary elegance. The straight lines of the side cabinet further enhance the desk's modern aesthetic, making the main desk appear more open and streamlined.

CABLE MANAGEMENT
走线管理

从支撑侧柜底部引出的电缆，经过侧柜内部，穿过顶板的出线孔，再延伸至主桌的台底线槽。在线槽内可放置插线板以便于连接，而桌面的出线盒则方便引出所需电缆。这种隐藏式布线方式既整洁有序，又兼顾美观。铝合金材质的圆形出线盒外观大方，保持了整体设计的简约风格。

The cables from the bottom of the supporting side cabinet pass through the interior of the cabinet, go through the outlet grommet at the top, and then extend to the cable tray under the main desk. Power strip can be placed inside the cable tray for easy connections, while the cable outlet on the desktop facilitates the extraction of the required cables. This hidden wiring method is both tidy and aesthetically pleasing. The aluminum circular cable grommet has an elegant appearance, maintaining the overall minimalist design.

DESK STRUCTURE
班台结构

班台由四腿结构的主桌与支撑侧柜相结合而成。主桌一侧的截短桌腿架设在侧柜上并固定，确保其稳固性。为适应不同空间需求和使用习惯，设计了两种组装方式：图 A 为桌板与侧柜齐平，适合紧凑型布局；图 B 则为主桌长度方向外移 200mm 的设计，提供更宽敞的工作空间。

The executive desk is composed of a main desk with a four-leg frame and a supporting side cabinet. One side of the main desk features a shortened leg that is mounted on and fixed to the side cabinet, ensuring its stability. To accommodate different spatial needs and usage habits, two assembly options have been designed: Option A has the desk flush with the side cabinet, suitable for compact layouts; Option B shifts the main desk outward by 200mm in length, providing a more spacious working area.

UNIQUE desk

UNIQUE 是一款四腿结构的矩形办公桌，巧妙融合了纤细桌腿与精巧的钢架设计，体现了现代办公的优雅与实用性。独立使用时，它可以与活动侧柜和推柜桶搭配，扩展储物空间；而背柜组合则能够将其打造为一个完整的办公室家具系统。活动侧柜的灵活设计允许根据平面规划自由摆放，轻松适应各种空间大小和布局需求。

UNIQUE is a four-legged rectangular desk that seamlessly combines slender legs with a delicate steel frame design, reflecting the elegance and practicality of modern office furniture. When used independently, it can be matched with mobile side cabinets and pedestals to expand storage space. Additionally, the back cabinet can transform it into a complete office furniture system. The flexible design of the side cabinets allows for free placement according to the plan, easily adapting to various space sizes and layout requirements.

UNIQUE 在桌腿结构上提供两种款式，以满足不同品质需求的客户。高级版配备可调节桌腿，表面采用高光电镀处理；基础版则是固定桌腿，表面为喷粉效果。这两种选择能够完美契合不同的空间风格与装饰需求，轻松适应不同的办公环境。桌架整体设计采用拼接结构支撑钢梁，无焊点安装连接，实现快速安装整合；横梁和纵梁的钢管壁厚均为 2.0mm。

UNIQUE offers two types of leg structures to meet the diverse quality requirements of customers. The advanced version features adjustable legs with a high-gloss chromed finish, while the basic version has fixed legs with a powder-coated surface. Both options perfectly complement various space styles and decoration needs, easily adapting to different office environments. The frame is designed with a modular assembly structure supporting steel beams, featuring no solder joint installation connections for rapid assembly and integration. The steel tube wall thickness of the beam and longitudinal beam is 2.0mm.

EXTENDED WORKSTATION
增连工作位

工作位系列的台架结构设计具有增连功能，可以在现有工作站的基础上根据需求添加桌架。这不仅有效扩展了办公区域，还确保了整体外观的统一与协调。

The bench structure of the workstation features an extension design that allows for the addition of frames based on specific needs. This flexibility not only effectively expands the office area but also ensures a cohesive and unified appearance.

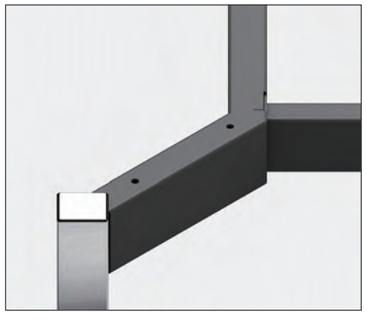
两款产品采用了无可视横梁的巧妙设计，通过桌腿与弯梁以 45°的角度连接，使得弯梁和纵梁向内收缩了 200mm，这种独特的结构设计不仅在视觉上“隐蔽”了桌架横梁，还为腿部提供充足的活动空间。外观简约而精致，内部结构稳固且功能强大。桌腿经过精湛的工艺加工，顶部封盖与桌腿采用相同材质，使整体产品更显高级气质。

Both products feature a clever design with invisible cross beams, achieved through a 45° connection between the legs and curved beams, resulting in the beams and longitudinal beams retracting inward by 200mm. This unique structural design not only visually "concealed" the beams of desk frame but also provides ample legroom. The appearance is minimalist yet refined, with a sturdy and highly functional internal structure. The legs are crafted with exquisite craftsmanship, and leg top cover is made of the same material as the legs, enhancing the entire product's sense of luxury.



DESKTOP SLIDING FEATURE
桌板抽拉功能

通过滑动梁和锁止装置实现。按下桌板抽拉止推器，轻松拉动桌板向外移动，方便接入电源连接；使用完毕后将桌板推回原位，操作简单实用。

Achieved through sliding beams and a locking device. Press the positioning bracket to easily pull the desktop outward, facilitating convenient access for power connection management. After use, push the desktop back to its original position for simple and practical operation.

CABLE MANAGEMENT
走线管理

从地面直接引出线缆，经由上线槽立柱通向台底线槽，完成强弱电电路系统的布线。这种整洁有序的走线方式显著提升了工作空间的便捷性和美观度。

Cables are routed directly from the ground, passing through vertical cable channel to the cable tray, completing the wiring of the electrical circuit system. This tidy and organized method of cable management significantly enhances the convenience and aesthetics of the workspace.
